Beauty and Aesthetics Centre

.... for your Tanning

Airport

You can now be Undressed, Tanned & Dressed again in under 15 minutes!

What is the Airport?

Step inside our air conditioned Airport Spray Tan Booth where in a pleasant & private environment our experienced therapist will evenly spray you with our Organic Vani-t Bronzing Mist. The air is warm, increasing tan absorption and decreases drying time. We guarantee a perfectly flawless natural looking tan in 15 minutes. Application is quick, safe, and easy, leaving your skin with a radiant glow that lasts for up to 10 days!

Vani-T's professional tanning range is loved and requested by A-list celebrities such as Cameron Diaz, Jennifer Aniston, Dannii Minogue, Rihanna, Kylie Minogue, Lady Gaga & Cheryl Cole. Beauty editors and TV shows around the world love Vani-T for its famous just-off-the-beach glow. The most believable, flawless, long lasting tan imaginable is achieved (proven to fade 80% better than other leading brands). The tan also disguises cellulite & stretch marks, making you look and feel thinner and sexier.

Vani-T

Vani-T offers totally unique, natural and organic based formula:

- no orange tones
- long lasting and fades evenly
- authentic cocoa brown colour
- no tell-tale odour
- intensely hydrating

Vani-T liquidsun solution is unique. Unlike other solutions, Vani-T liquidsun contains no alcohol - it is a natural organic product contains only the purest DHA (tanning agent) available. This guarantees the best colour and no unpleasant odours from the spray solution.

Vani-T liquidsun is the celebrity's favourite anti-ageing, skin firming and hydrating sunless tanning formula giving you a natural honey-dipped tone.

The Rolls Royce of tanning, Vani-T Liquid Sun provides a deep, honey-dipped glow with potent age fighting, skin firming and cell rejuvenation properties - all in one innovative product.

Micro-emulsion technology offers better penetration and delivery of the active ingredients, giving deeper, darker results, extra longevity and superior fading.
